

**John # 109 “The Bread Which Anyone May Eat” John 6:46-51**

**Jesus Christ died for the sins of the entire human race aka Unlimited Atonement; 1st John 2:1-2.**

**Jesus Christ paid the penalty in full for the sins of all members of the human race, not just for the redeemed who've accepted Him.**

*All mankind is spiritually dead due to imputed sin: in other words, all sinned when Adam sinned and all were counted guilty because Adam was counted guilty.*

**If One died for all, that means that we were all dead.**

**And if the free-will of man is the issue in salvation; will spiritually dead man choose for Christ and live forever with Him or will he choose against Christ and live without Him?**

**The issue at the last judgement (GWT) is Human Good vs Divine Good and this is what Jesus' new disciples are having great difficulty understanding.**

*The most dramatic moment in history for the individual is the time at which he makes a positive decision expressing faith alone in Christ alone.*

**In contrast, the Lord Jesus says “I am (lit. keep on being) the Bread of Life; eat Me (express faith in Me, My Work and My Words) and live forever!**
