

John 7:19-24

All around us today, we have insecure husbands, wives and children.

Insecurity stems from lack of understanding and applying the power and grace of God.

Fear is lack of thinking under pressure.

Courage is thinking God's thoughts under pressure.

Remember as you face your problems in life, the greatest of all problems, lack of relationship with God has been solved by the Lord Jesus Christ!

One of the greatest weaknesses and alluring inclinations of mankind originated in Lucifer, the Anointed Cherub; it's the lust for power that he believes brings the highly allusive much sought-after prize of self-glorification.

The religious leaders have superimposed or projected their own motivation and failure on the Lord Jesus.

Jesus was empowered by God the Holy Spirit.

No one out thinks the Lord Jesus Christ.

And for personal application, we should all note how we are tempted to judge others because chances are good that it's for a major weakness found in us!

The one judging projects his failures, mistakes, sins and quite often, his own lack of achievement on the person he's criticizing in an attempt to cover his shortcomings.

Mental attitude sins guarantee self-induced misery.

Bitterness destroys rational thought in anyone.

We can never build our happiness on someone else's unhappiness.

Bitterness always produces a boomerang effect.

Unchecked hatred leads to the desire to eradicate or murder.

We cannot build our happiness on the intrusion of someone else's privacy.

Every single believer must live his own life as unto the Lord; *Colossians 3:16-17, 23.*

No one has ever judged someone else without having first experienced mental attitude sins.

Legalism always criticizes grace and then it seeks to destroy it.

Judging is a form of legalism.
