

John # 170

“Blasphemy Or Honesty, Everyone Must Decide For Himself”

John 10:31-33; Philipians 2:3-11

There are many graced-out heroes in Christianity but there is only one true Celebrity.

Every grace-oriented hero recognizes the Celebrity status of the Lord Jesus Christ, our Savior and High Priest, as well as the King who will one day single-handedly rule the entire earth.

Everything we have and everything we will ever be of any value is directly related to Jesus Christ, the most honest Person who’s ever lived and yet He’s considered a blaspheming liar by the religious leaders of His day.

Grace-thinking submits to God’s authority and order and does not exalt itself; it eliminates all human viewpoint from the soul.

Grace-thinking is accomplished by being occupied with the Person of Jesus Christ but the Pharisees’ religion has blinded them from seeing their Messiah although He’s standing in front of them.

The Pharisees have no respect for the privacy of God’s people and no one can learn about God when someone else is trying to run their lives to the extent that the Pharisees were.

God the Father has a plan made perhaps billions of years ago sometime in eternity past and the quintessence of the expression of God’s plan is the God-Man-Savior, His Son Jesus Christ.

Success requires humbling ourselves before God and then He will lift us up; it’s a recognition of the fact that Jesus Christ is all and in all; *Col 3:11*.

There is nothing greater that we can do during this life than to live in humble recognition of the world’s only true Celebrity, Jesus Christ; it’s the highest status in experiential Christianity!

The Lord Jesus has been charged in John 10:33; “You, a mere man claim to be God” but that’s not true; Jesus is not a man claiming to be God, He’s God claiming to be a man!

The Lord Jesus has stated the honor of the Father was seen in His sanctifying His Son and sending Him as His sole representative.

The human magistrates were “sent to” while Jesus Christ was “sent forth” and that speaks volumes of His pre-eminence.

Just think of it, Jesus Christ Himself, the Lord of Glory comes out of eternity to meet us!

Religion is not interested in answers or truth but rather in solely promoting itself.

The religious leaders know they cannot take the Lord Jesus to court because the witnesses and evidence prove Jesus is God!

Religion judges without the facts.

Ironically, to reject the true witness testimony of God the Father is the ultimate in blasphemy.
