

2nd John # 11

“Series End, Summary Principles”

2nd John 1; Proverbs 8:22-36

God created man for community relationships; not to live in isolation, so no man is an island.

The church universal is made up of local churches and God called and authorized local church assemblies as places Church Age believers learn biblical truth to gain wisdom to function in their royal priesthood and spiritual gifts.

Our spiritual gifts are just that; gifts from God to us to be used to edify God’s family.

If we’re going to love one another as Jesus loves us, we must understand God’s truth and if we learn, believe, understand and apply biblical truth, we’ll not only avoid distractions to stay focused, we’ll also be much less likely to be ensnared by Satan’s deceptions because we’ll be thoroughly furnished with God’s wisdom.
